

## Session Tips for The Senior Experience

- Feel free to bring at least one parent or a close friend if you would like! They know you best and will be able to help you relax and loosen up.
- Try to coordinate your outfits with a personal touch – shoes, jewelry, sunglasses, belts, hats.
- Bring a “reserve” outfit, in case something just doesn’t work out.
- Have an iPod or MP3? Bring it along to enjoy listening to your own music during your session instead of our Tom Jones Collection!
- Are your fingernails manicured? Toenails painted? Shoes cleaned? Clothes washed and ironed? These small details show up in pictures.
- Fellas...open your new dress shirt before your session. Hang it up, put it in the dryer or something! Just don’t give me those “new shirt creases”.
- Plan for both outdoor and indoor pictures when selecting outfits.
- Trust your photographers! We know what looks good and what doesn’t. We will never make you uncomfortable or do something that doesn’t feel like you.
- We encourage you to bring as many props as you like to express what is important to you. Don’t know what to bring?

Here are some suggestions:

- Sporting Equipment
- Pets
- Awards/Uniforms
- Instruments
- Cars/Bikes/Boards

Don’t want to worry about props? We have a variety of items to choose from all throughout the studio!
